Title: Motion to
Appoint Council

Thank You!

Motion to Appoint Council

I've outlined most of the reasons why I am requesting council be appointed in my "Motion for Extension filed May 9, 2024 with this Motion.

* what further evidence is needed to prove the need for an attorney

I can prove I have exhausted all resources, including Oprah Winfrey's "Times Up" "Non-Profit" which will not help me obtain a lawyer - all of the lawyers I have spoken with require me to pay out-of-pocket expenses, which your Honour can see, I'm unable to afford. Furthermore because I am not asking for money or financial damages, lawyers do not stand to make any money from my lawsuit and do not seem interested in helping unless there is something for the lawyers to gain from

(2)

As you can see from my previous filing and forth coming evidence, the physical obstacles and financial obstacles to completing this lawsuit etc. warrant a lawyer, in order to meet your Honours' deadlines, requirements and to be able to understand my rights, understand the laws, and be able to properly file this case, meet expectations etc. and to know how to do this properly.

I am not a lawyer and have zero legal education whatsoever - the public schools do not offer basic legal education, nor do public schools teach us how to use the judicial system or exercise our rights - we are not taught how to read statutes or laws or write "complaints," "briefs," "dockets"; but we are expected to do so in order to exercise our rights in America. Systemic blocks

to me obtaining an education or degree,
or using the Judicial System, (due to
damages from University of Illinois, Google,
State of Illinois, UI Professor Zuo^{Li}
Cheng, David Pfau, etc.)

Retaliation damages make it
impossible to move on because the
damages are so debilitating I cannot
even rent my own apartment or
get a credit card. I'm unable
to move forward in my field
and the ^{student} loans I took out to enter
this field are loans I am
physically unable to pay now,
due to the retaliation,
physical harms done to me
by UI Professor Zuo^{Li} Cheng,
Google Internship Manager
David Pfau at Google DeepMind,
and University of Illinois etc
denying me medical care while
overburdening me by abusing
their positions of power as my
bosses / professors in Labor Law
Violations for my misclassified
"Student / Employee" position.

The evidence I will show is
a financial accounting of
the costs UI demanded
illegally from me as a Student
to pay for Tuition, to pay for
my own Student /Employee
Research, to pay for my
Medical Care, and then Defendants
made it impossible for me to
pay my Student Loans by
denying me the legally & contract
required payment in the form of
Grades (which Professors written letter
of support confirm are straight "A"
and in the form of Degrees such
as my Masters which I earned
and passed my Qualifying Exams
to earn, and my PhD which I
can show is finished but Professors
are refusing to formalize my
PhD Dissertation or publish papers
that we wrote, when Professors
to formalize my Dissertation, UI Illinois

(5)

ked these professors from formalizing my dissertation (as bitter evidence proves). The professors, chancellors, administrators who illegally blocked professors formalizing my dissertation are respondents in my Title IX report etc (Protected Activities, Protected under multiple laws).

All of these retaliatory acts etc. have made it impossible for me to ever use the degrees I earned, the degrees I paid for out-of-pocket. The Defendants Board of Education, Department of Education etc were informed of these incidents and I followed all of their reporting processes but Defendants refused to resolve these incidents and instead have joined in retaliating against me and trying to suppress my reports of illegal

activities, unsafe school campuses,
etc. to proper authorities. ⑥

The retaliation ~~at~~ from Defendants makes it impossible to even use my education or degrees and my loans need to be waived in full so I am able to move on in my life, and obtain basic life necessities, which are my Inalienable Rights as a Human Being.

Defendants have harmed me and others in Inhumane ways, and when we use the legally appointed reporting processes to resolve these issues, Defendants refuse to follow the law and Defendants refuse to follow their roles to correct these incidents reported to Defendants. Defendants are therefore not entitled to "immunity" of their positions because Defendants are not fulfilling their positions and are Inhumanely harming Students.
